AKIJ Resource carries the legacy of Sheikh Akijuddin, a pioneering industrialist whose entrepreneurial journey started in the 1940s. From modest beginnings in jute trading, he laid the foundation for what would become the AKIJ Group, one of Bangladesh's largest and most diversified conglomerates. His dedication to quality, resilience, and nation-building continues to inspire their work and shape industries across Bangladesh today.

Under the guidance of Sheikh Jasim Uddin, an Electronics and Computer Engineering graduate from the University of Surrey, the UK, AKIJ Resource embodies a dynamic fusion of traditional values and cutting-edge technology. Sheikh Jasim Uddin's AI-first, mobile-first, and cloud-first strategies have powered their transformation, allowing them to deliver unmatched products and services while prioritizing environmental stewardship, social impact, and customer satisfaction.

AKIJ Resource stands at the forefront of the building materials industry by operating across diverse sectors to meet the needs of millions across Bangladesh and beyond. With an extensive portfolio spanning cement, steel, food commodities, travel and tourism, agro-feed, IT, logistics, and shipping-for which they have a secondary base in Singapore-their expansion is truly global.

AKIJ Resource proudly operates 16 state-of-the-art manufacturing units driven by their commitment to innovation and pushing the boundaries of quality to create products that serve society and protect the environment. Their steadfast partnerships with leading banks such as SCB, HSBC, CBC, EBL, Prime, Jamuna, City, MTBL, DBL, DBBL, and BRAC support their financial strength, while their impressive annual

revenue of over BDT 10,000 crore and profitability across all Strategic Business Units underscore their fiscal stability and growth potential.
