Dhaka : AlFursan, Saudia's Loyalty Program, has announced the launch of 'Cash + Miles', a new payment option that allows members to split their ticket cost by paying part with AlFursan Miles and the rest with cash. The feature is now available as a new payment method during the digital booking process.

This new option holds strong appeal for Bangladeshi travelers, offering greater ease and flexibility for those frequently flying between Bangladesh and Saudi Arabia-whether for work, family visits, religious journeys, or business.

Whether traveling from Jeddah to Dhaka, Riyadh to Dhaka, Dammam to Dhaka, or Jeddah/Dammam to Chattogram, passengers can now use their earned AlFursan Miles to offset ticket costs-making travel more affordable, accessible, and rewarding.

The new payment method offers greater flexibility, allowing guests to book without any seat limitations on each flight, and also modify their itineraries or request refunds through the "Manage My Booking" feature, available on Saudia's official website and mobile applications.
