

Emirates carries over 14 million passengers in June-August

-A Monitor Report

Date: 02 September, 2023

Dubai : Emirates, marks one of its busiest summers ever, carrying over 14 million passengers with average seat load factors exceeding 80 per cent across its global network between June and August.

From June to August, Emirates operated nearly 50,000 flights to and from 140 cities worldwide.

Looking at the coming months, Emirates' booking trends show unabated demand for international travel across its network. Destination Dubai remained popular among travellers, even during the summer months with two million customers travelling to the airline's hub to enjoy its year-round attractions and events.

Top inbound markets to Dubai on Emirates during this period included the UK, India, Germany, Pakistan, Saudi Arabia, China, Egypt and

Kuwait.

Over 35 per cent of visitors to Dubai travelling on Emirates were families, staying an average of over two weeks to experience the city's incredible sites and attractions.

This winter season, the airline anticipates another spike in demand for travel to Dubai as the city runs a packed calendar of global conferences, world-class sporting events and more.

The city has already welcomed over 8.5 million international visitors in the first six months of 2023 (April- August), registering more than a million more visitors during the same time last year.

Thanks to its 157 airline and rail partners, Emirates offers travellers convenient and extended access beyond its own global network, to over 800 cities in 100 countries.

Emirates now serves Dhaka with 21 weekly flights and via Dubai offers convenient connections to nearly 140 destinations across six continents.
