

Emirates supports passengers in Ramadan

- A Monitor Report

Date: 02 March, 2025

Dubai : This Ramadan, Emirates will be serving thousands of meal boxes for fasting customers both onboard and at boarding gates, screening an array of religious content and popular TV shows on ice, and offering traditional Ramadan dishes in the lounges.

At the Emirates Lounges in Dubai International Airport, an array of Arabic sweets, dates and coffee will be offered during Ramadan. Emirates Lounges in Cairo and Jeddah will also serve an array of delicious Ramadan dishes. Emirates lounges have dedicated prayer rooms and ablution facilities to ensure a peaceful environment for worship.

For the comfort of fasting customers at select Emirates Boarding Gates during iftar time, complimentary iftar boxes are available to help break the fast-containing water, laban, a banana, and dates are distributed.

From the month of Ramadan, customers breaking their fast across all cabin classes to select destinations will be offered nutritionally balanced Ramadan meal boxes. Iftar meals will be served in bespoke boxes, designed by Emirates to represent the geometric design that features in traditional Islamic art.
