Abu Dhabi : Etihad Airways signalled a further chapter in its expansion plans as it is going to resume flights to Kolkata, India from March 26, 2023.

The airline will fly daily on the Abu Dhabi - Kolkata route providing a total of seven weekly nonstop services to Netaji Subhas Chandra Bose International Airport (CCU).

The flights will be operated with an Airbus A320 aircraft, offering Etihad's award-winning service to guests in eight seats in Business Class and 150 in Economy.

Martin Drew, Senior Vice President Global Sales and Cargo, Etihad Airways, said, "With Etihad Airways continuing to enhance our network, resuming daily flights to this key gateway opens even more connectivity

to the Indian Subcontinent for our guests."

"Our return to Kolkata will also come at the same time as we go double daily to New York, providing better access between India and the United States via Abu Dhabi where our guests can take advantage of our US Preclearance facility for a seamless arrival into the States."
