

## **flydubai signs agreement for 150 A321neo aircraft**

- A Monitor Report

Date: 01 December, 2025

Dubai : flydubai signed a Memorandum of Understanding (MoU) with Airbus for 150 A321neo aircraft, making the airline a new Airbus customer. The agreement underscored the carrier's confidence in Dubai's growth plans.

Sheikh Ahmed bin Saeed Al Maktoum, Chairman of flydubai, signed the MoU agreement with Christian Scherer, CEO - Commercial Aircraft of Airbus, at the signing ceremony which was attended by Ghaith Al Ghaith, Chief Executive Officer of flydubai, on the second day of the Dubai Airshow 2025.

The addition of the latest generation A321neo will support flydubai's strategy to expand its network, offering customers access to new destinations with greater efficiency and comfort.

The A321neo is part of the A320neo Family, incorporating the latest

technologies including new generation engines, Sharklets and cabin efficiency enablers, which together deliver more than 20 percent fuel savings and CO<sub>2</sub> reduction compared to previous generation single-aisle aircraft.

At the end of October 2025, more than 7,200 A321neo aircraft have been ordered by nearly 100 customers across the globe.

The A320 Family is already able to operate with up to 50 percent Sustainable Aviation Fuel (SAF).
