Dubai : Recently Middle Eastern airline flydubai opened its new Business Class Lounge in Terminal 2 at Dubai International Airport (DXB), conveniently located after passport control and security screening.

The dedicated space offers guests a unique and smooth check-in experience, with a personalized Meet and Assist service, seated check-in

and a Fast Track service through passport control and security screening.

The new lounge has a glass facade that floods the lounge with natural light and provides uninterrupted views of the tarmac, with a variety of seating configuration areas, including dining, lounging and a quiet space for true relaxation.
