

IndiGo to outfit 75 planes with 'comfortable' seats of Recaro

A Monitor Report

Date: 16 July, 2022

Mumbai : IndiGo will outfit 75 new Airbus planes with "comfortable" seats of the German company Recaro from January 2023 onwards. The move is aimed at upgrading passenger experience, said the airline on July 11.

IndiGo's current fleet of over 280 Airbus aircraft are equipped with 'Dragonfly' seats of French company Safran.

On this note, Sanjay Kumar, Chief Strategy and Revenue Officer, IndiGo, said, "As we expand our network, domestically and internationally to cater to the travel demand, the comfortable seats will be key to upgrading the customer experience on board IndiGo."

Recaro's 'BL3710' economy class seat will be installed on 75 new Airbus aircraft including A320neo and A321neo starting from January 2023, stated the joint statement of IndiGo and Recaro on July 11.

India's largest carrier IndiGo will be the first airline in the Indian sub-continent to feature the BL3710 seat of Recaro, it mentioned.

"The combination of the ergonomic design and weight of less than 10 kg per passenger has made the BL3710 economy class seat a bestseller since it first entered the market in 2019," it noted.
