

SalamAir's fleet crowned as Asia's youngest

A Monitor Report

Date: 01 February, 2022

Muscat : SalamAir has won two prestigious awards by Ch-aviation recently, one for having the youngest fleet in Asia and another for having the third youngest aircraft fleet in the world for the year 2022.

On the occasion, Capt Mohamed Ahmed, CEO, SalamAir said, "This will be the second year that we have won this accolade by ch-aviation, it is definitely a proud moment for all of us at SalamAir."

"We are celebrating our fifth year anniversary of providing our customers with the best value for money service, in the most state of the art aircraft the Airbus A320neo and A321neo."

"We are recognised among 4700 active airlines globally. This makes us very proud to have such a young fleet as it helps us in being efficient, reliable while offering our customers comfort when travelling."

"Our environmental impact is also at our forefront as much as our customers; having a young fleet also helps us reduce our carbon footprint with lower carbon emissions making us more environmentally friendly."

"We hope to receive our second A321neo aircraft in 2022 which will be utilised to further expand our network and take our customers to new and exciting destinations."
