

Transworld Group, Bengal Airlift enter strategic partnership

A Monitor Report

Date: 16 June, 2022

Dhaka : Transworld Group, the global shipping and logistics conglomerate and Bangladesh based logistics powerhouse Bengal Airlift entered into a strategic partnership with key focus to explore wide-ranging expertise in sea and air shipments, 3 PI, consolidation, project logistics, contract logistics, cross border trade and customised solutions.

On the occasion, Ramesh S Ramakrishnan, Chairman, Transworld Group, said, "We are delighted with this strategic association with Bengal Airlift. Bangladesh has been a strong emerging economy and we see a lot of growth opportunities in this growing market. With this partnership, we look forward leveraging the strengths of both the group's and it's legacy to enable high scalability and growth."

Mehnaz Mannan, Chairperson, Bengal Airlift Group, said, "It gives us immense pleasure to associate ourselves with a diversified group like Transworld. The strong legacy, reputation, and service synergies of both the organisations coming together will offer a unique service offering to our esteemed customers."

Arif Rahman, Managing Director, Bengal Airlift Group, said, "Bengal Airlift has positioned itself as an ideal partner to leverage the growing opportunities in Bangladesh and expand into markets and regions around the world. Our collaboration combining the regional footprint of Bengal Airlift and strong product

portfolio of Transworld Group is a strategic step to expand our presence strongly in Indian sub-continent as well as Middle East."

The strategic MoU was signed in the presence of the management teams of Transworld and Bengal Airlift including key representatives, Ritesh S Ramakrishnan, Managing Director of Transworld Group, K B Balmurali, COO of Transworld Group, and Maruf Hossain Khan, COO of Bengal Airlift.
