

Vistara celebrates its strong fleet of 50 aircraft

A Monitor Report

Date: 16 June, 2022

New Delhi: One of the leading full-service airline of India Vistara on June 9 celebrated the milestone of having a strong fleet of 50 aircraft.

The airline celebrated the milestone by unveiling a specially designed livery on its brand new Airbus A321neo aircraft.

The celebration took place at Indira Gandhi International Airport in New Delhi.

Vistara's Chief Executive Officer Vinod Kannan, Chief Commercial Officer Deepak Rajawat and key members of its leadership team were present on the occasion.

Since April 2020, the airline expanded its fleet by over 25 per cent while significantly growing its global network to ten international destinations.

Vistara plans to have a fleet of around 70 aircraft by the end of 2023, said the airline in a release.
