

Facilitations to Biman on its 50th Anniversary

A Monitor Report

Date: 01 February, 2022

On the occasion of Biman Bangladesh Airline's 50th anniversary, it should try to tap the upcoming skilled manpower export market that will have huge potential in the coming days. We want Biman to dominate all sectors of travel as it is our national pride. We hope it will facilitate our labour brothers more, making travel easier for them. With the adoption of new technologies like Sabre and ultramodern fleet like Dreamliner, Biman is in the greatest position currently to lead the market for years to come.✘

Ariful Haque

Managing Director Innoglobe

They have always treated all travel agents fairly. And with further development of Biman, the entire travel industry will flourish. This will lead to more employment opportunities in the market. With these hopes, we will continue supporting Biman as its dynamic management is leaving no stones unturned to truly make Biman prosperous in the near future.

The future will only be more glorious for our nation's pride Biman Bangladesh Airlines as it flies to greater heights with more success, destinations, flights, and better service.

Our most heartfelt wishes go to Biman on this auspicious occasion of its 50th anniversary.
