

## HB Aviation Training Center, BIF jointly hold seminar on IT

A Monitor Report

Date: 01 June, 2022

Dhaka : HB Aviation Training Center and Bangladesh Innovation Forum jointly organised a seminar titled "Next Big Opportunity in Information Technology" at "Bangabandhu Sheikh Mujibur Rahman Novo Theater" on May 14.

At the seminar, the speakers discussed in detail what kind of job is getting increased demand currently in local and international job sectors in the IT and aviation industry. The seminar also included training on preparing oneself for the job market.

The discussion at the seminar included four new possibilities: web applications, artificial intelligence, metaverse, and aviation technology.

The Director-General of Novo Theater Abdur Razzak (Additional Secretary) was present as the chief guest at the seminar while Mohammad Mahdi Uz Zaman, Leader Solutions Architecture at Amazon Web Services, USA, was the special guest.

Miftah Uddin, Head of Strategic Business Unit at Brain Station-23, Ershadul Haque, Founder and CEO of Rise Up Labs, Nahid Hossain, Co-Founder, Managing Director and CTO of Brotex Technologies Limited, Ariful Hasan Apu, President of Bangladesh Innovation Forum, and Zaki S Bari, Founder and Chairman of HB Aviation Training Center were also present on the occasion, among others.

HB Aviation Training Center also organised a GDS Competition for their students at their premises and handed over the crest to the champion of "GDS Competition Season 1" at the end of this seminar.

HB Aviation Training Center provides training to young people to build a career in the aviation and travel tourism sector. It also organises various seminars to encourage the younger generation in the aviation sector.
