

Trabill : New convenient accounting software for travel agencies

A Monitor Report

Date: 16 December, 2022

Dhaka : The software Trabill is specially designed for travel agencies. The software was developed in 2018. It is a product of M360ICT, said the company in a release.

Trabill is one of the most reliable software for travel agencies in Bangladesh, it added.

Beyond the borders of Bangladesh, the Trabill software has established itself as a software of international standard with a global reputation.

Apart from Bangladesh, Trabill is successfully running in various countries including Dubai, Oman, Saudi Arabia, the USA, Canada, and India.

Trabill is a SAAS model software. Any travel agency can use the software with a monthly or yearly service charge, which makes it convenient for travel agencies to use the software from anywhere in the world due to the low cost.

Trabill Software is a portfolio project of Bangladesh ICT Ministry's Idea Project.

Trabill software is already being used by Bangladesh Bank, ICT Ministry and and AISA (American Institute of Standard and Accreditation).

The software has received awards at home and abroad. The Basis National ICT Award is one of them.
