

InterContinental Hotel opens 'Mujib Corner'

A Monitor Report

Date: 16 December, 2021

Dhaka : A Mujib Corner has been launched at the capital's InterContinental Hotel on the occasion of the birth centenary of Bangabandhu Sheikh Mujibur Rahman and 50 years of Bangladesh's independence.

The boundary wall surrounding the hotel has also been adorned with images of Bangabandhu's struggling life and of the liberation war from the launching day on December 11.

The Mujib Corner and wall branding were inaugurated by State Minister for Civil Aviation and Tourism Md Mahbub Ali, said a press release. Secretary of the ministry Md Mokammel Hossain and InterContinental's Managing Director Md Abdul Quayum were present, among others.

The State Minister in his speech mentioned, the hotel had a significant contribution during the liberation war. Sheikh Mujibur Rahman had conducted many meetings at this hotel and as such, the hotel has historical importance, he added.

He also claimed that foreign tourists are interested to know about Mujib and his contribution to the country.

"The Mujib Corner will enable them to be further enlightened about the country's glorious past and the visionary leader's life," said the state minister.

The hotel's officials and staff also took part in a blood donation programme on the occasion.
