

## BD's M360 ICT Ltd wins Commonwealth Award in Malaysia

- A Monitor Desk Report

Date: 31 August, 2025

Dhaka: M360 ICT Limited has been honored with the recognition for “Best Use of Technology in Travel and Tourism” at the Commonwealth Business Excellence Awards 2025, held at the Concorde Hotel in Kuala Lumpur.

The grand ceremony, organized alongside Malaysia’s National Day celebrations, brought together corporate leaders and dignitaries from across the Commonwealth to celebrate outstanding contributions to business excellence and sustainable growth.

Fahim Shariar, Managing Director and CEO of M360 ICT Limited, formally received the award on behalf of the company.

Over the last 12 years, M360 ICT Limited has successfully served the travel and tourism industry across 16 countries, providing innovative

software solutions with continuous technological advancements. This sustained excellence has been the cornerstone of the company's recognition at this global platform.

Company Chairman, Prof Dr Mahbubul Haque Joarder, has played a pivotal role in shaping the organization's growth. Through his vision of innovation, training, and interconnectivity, he has elevated M360 ICT Limited to one of the leading positions in the sector.

The Commonwealth Business Excellence Awards is an annual international program that celebrates organizations across member nations for their commitment to global best practices, operational excellence, and sustainable impact. The awards also highlight institutions that champion social responsibility, ethical conduct, and environmental stewardship.
