

Saudia launching flights between Chattogram, Jeddah in 2026

- A Monitor Desk Report

Date: 02 February, 2025

Dhaka: Saudia will be launching direct flights on Chattogram-Jeddah route, effective March 2026.

“With a significant number of Bangladeshi passengers traveling to Saudi Arabia for Hajj, Umrah, and other purposes, Saudia's expansion further strengthens connectivity between the two nations,” said a press statement issued by the airlines here on January 30.

The airline will be operating three weekly flights between the two destinations with plans to increase frequency over time.

Saudia will deploy Boeing 777 and 747 aircraft on the route. Currently, the airline operates direct flights to/from Dhaka.

Saudia also plans to expand its fleet by 118 new aircraft to offer passengers with more flight options, supporting the growing travel

demand.
