

US-Bangla adds third A330 to its fleet, total number of aircraft reaches 25

- A Monitor Desk Report

Date: 21 October, 2025

Dhaka: Bangladeshi private airline US-Bangla has added its third Airbus 330-300 to its fleet on October 21. With this, the total number of aircraft in the airline's fleet has reached 25, making it the biggest carrier in the country.

The new aircraft landed at Hazrat Shahjalal International Airport in the capital from Spain's Madrid at 8:30 am on October 21. Senior officials of US-Bangla Airlines officially received the aircraft at the airport.

The new aircraft has a seating capacity of 436 and will operate on Jeddah, Riyadh, and Medina routes of Saudi Arabia as part of the airline's future plans.

Currently, US-Bangla's fleet consists of a total of 25 aircraft, including three Airbus 330-300s, nine Boeing 737-800s, and ten ATR 72-600s.

US-Bangla Airlines currently operates regular flights on all domestic routes as well as to international destinations like Kolkata, Chennai, Male, Muscat, Doha, Dubai, Sharjah, Abu Dhabi, Jeddah, Riyadh, Bangkok, Kuala Lumpur, Singapore, and Guangzhou.
