

US-Bangla resumes scheduled flights to Saudi Arabia, Oman; suspends UAE, Qatar services

- A Monitor Desk Report

Date: 01 March, 2026

Dhaka: US-Bangla Airlines will operate its flights to Riyadh and Jeddah in Saudi Arabia and Muscat in Oman as per schedule from today, March 1, as per a release from the airline.

The private carrier requested passengers traveling on these routes to arrive at the airport at least four hours before departure and collect their boarding passes from the airline's designated check-in counters.

Considering the overall situation in the Middle East, the airline has temporarily suspended flights to Dubai, Abu Dhabi, and Sharjah in the United Arab Emirates, and Doha in Qatar.

US-Bangla Airlines said affected passengers will be contacted once flight operations to the United Arab Emirates and Qatar resume under suitable conditions.

For flight-related information, passengers have been advised to contact the airline's hotline at 13605 or 01777777800-806.
