Date: 08 October, 2024

---

Paris: Air France and its low coast airline Transavia said Monday (Oct 7) they are suspending flights to Tel-Aviv until October 15 and to Beirut until October 26 because of security concerns.

"The resumption of services will be subject to an assessment of the situation on the ground," said the Air France-KLM group of airlines, which had previously suspended flights to the two Middle Eastern cities until at least Oct. 8.
