

Air India plans US Expansion to two New Cities

- A Monitor Desk Report

Date: 25 February, 2025

Dhaka: Tata-Group owned Air India (AI) is gearing up for its next phase of expansion in the United States, with significant structural changes and new route plans.

The airline has been making strategic moves to strengthen its U.S. presence. The focus now is on operational efficiency. The airline is looking at potential new destinations of Dallas/Fort Worth (DFW) and Los Angeles (LAX).
