

Armani/Casa steps into Bangladesh

- A Monitor Desk Report

Date: 20 April, 2025

Dhaka: For the first time ever, Armani/Casa—one of the world's most prestigious luxury interior brands—is coming to Bangladesh, thanks to Shanta Lifestyle's Experience Center.

In 2000, Giorgio Armani introduced Armani/Casa, a brand that embodies the same elegance, precision, and understated opulence that made his clothing designs an icon.

Each piece is not just about function—it is about creating an experience: sofas that look sculpted rather than assembled, dining tables that seem fit for an art museum, and lighting fixtures that feel like poetry in design.

It is this seamless fusion of minimalism and grandeur that has made Armani/Casa a staple in celebrity homes, five-star hotels, and exclusive residences worldwide.

This is why Shanta Lifestyle's decided to bring Armani/Casa to Bangladesh. Over the years, Shanta Lifestyle has been at the forefront of introducing premium European brands to the country, raising the bar for high-end interiors.

It may be mentioned here, the official unveiling took place in April.
