

Codeshare partnership Between Emirates and Garuda

- A Monitor Desk Report

Date: 13 March, 2022

Dubai: Emirates and Garuda Indonesia have launched their codeshare partnership. The new partnership allows customers of Emirates and Indonesia's national carrier, to enjoy seamless connectivity on 16 routes.

Garuda Indonesia will place its code on routes operated by Emirates, between Jakarta and Dubai, in addition to onwards flights to Paris, London Heathrow, Manchester, Milan and Barcelona from Emirates' hub.

Emirates will place its code on Garuda Indonesia operated flights on ten routes via two of its hubs, both Jakarta and Denpasar. Emirates passengers are able to travel to seven additional domestic points in Indonesia, beyond Jakarta and Bali, and enjoy the convenience of seamless booking, easy connections, one baggage policy and baggage-check through to the final destination. Domestic points which Emirates customers can travel to include Denpasar, Surabaya, Makassar, Balikpapan, Manado, Medan, Padang and Solo from Jakarta, while, from Denpasar, customers can fly to Jakarta, Surabaya and Makassar.

Emirates currently has codeshare cooperation agreements in place with 23 airline partners and two rail companies around the world. Additionally, Emirates also has interline cooperation agreements with over 115 airlines and rail companies.
