Desire Riviera Maya Resort is currently undergoing a major expansion to provide its guests more delight than ever.

“This modern new Caribbean paradise on Earth, inspired by the elegance of female sensuality -The Eden- is a place of proactive pleasure where majestic beauty and an erotic atmosphere come together to fulfill couples’ fantasies and satisfy their desires in a magical Caribbean oasis.”

“We’re excited to officially announce that The Eden will be unveiled and ready to greet guests as of February 5th, 2024,” said Rodrigo De la Pe’ President at Original Group Resorts. “We are proud to go above and beyond to offer travelers exquisite ecstasy, with their desires as our command.”

The Eden will add 42 sexy, new rooms and suites that will become sanctuaries for guests; chic retreats full of ecstasy with a front row seat to the uninterrupted horizons of the Caribbean Sea. The 22 Beloved Suites, fully equipped with a private jacuzzi, offers guests soft lighting, inviting lovers to surrender to their deepest pleasures.

Extravagant and extraordinary, the seven innovative Seductive Garden-View Swim-Up Suites and four Seductive Pool-View Swim-Up Suites inspire passion with their oversized showers, private terraces, and swim-up pools, where your every impulse is explored. The stars of the show are the six Diamond Ocean-View and three Diamond Ocean-View Swim-Up Suites, where couples experience a passion overload with lavish decoration, spectacular views, and erotic amenities that bring any person's fantasies to life.

The Eden offers a new ensemble of hot spots and incredible features that'll stimulate anyone's deepest desires. The Sensual Swim-Up Bar transcends the boundaries of other clothing-optional resorts, with a perfect seaside location, a swim-up bar, and a new pool that provides couples both in and out of the water with the liberating environment they long for.

The resort's Y Nightclub combines exotic with erotic, inspiring dim lightings and sensual rhythms that set the stage for an atmosphere that takes couples beyond seduction. Those looking to take their intimacy to the next level will let their wildest fantasies unfold in the new Playroom. The titillating space for souls without inhibitions allows guests to mingle and explore their desires, experiencing a true sensory overload.

Also upgraded at the resort's Eden is the massive new Exotic Spa. This sensual space provides total body relaxation with its Fantasy Menu, offering a four-person fantasy cabin with a jacuzzi, two double cabins with a jacuzzi, a cold chamber, and a vapor room and sauna.

In addition, The Eden will showcase two exquisite new restaurants – EROS, serving international cuisine, and KAHLO paying an homage to Mexican gastronomy. The new Jacuzzi Lounge & Bar is a perfect spot for any time of the day, whether it's for an afternoon drink while watching the sunset, or a late-night dip with passionate intimacy radiating from you and your partner, perfectly setting the mood.

The Eden will also come equipped with a lobby bar and a large Mystique Boutique Shop – where guests will find the shelves stocked with adult treasures, theme night attire, souvenirs, and any forgotten necessities.
