

Dhaka Regency celebrates Int'l Mother's Day

- A Monitor Desk Report

Date: 09 May, 2022

Like every year Dhaka Regency Hotel and Resort yesterday celebrated the 'International Mother's Day' as elsewhere in the country and the world.

Due to COVID-19 for the last two years, there was no special formality in celebrating the day in the country.

To mark this occasion, Dhaka Regency Hotel & Resort hosted an event in presence of its high officials & associates. The festivity started through cutting a cake with all its female employees specially the mothers as to wish and dedicate the day to them. A special photo session adds magnetism to make the day as cheerful as not to be forgotten ever.
