Dhaka: Dhaka Regency Hotel and Resort is gearing up for the upcoming wedding season by holding a two-day wedding festival at the hotel premise on November 28- 29.

Dhaka Regency Biye Barir Utshab will celebrate the colors, culture, and charm of Bangladeshi weddings, bringing together everything a couple needs to craft their dream celebration — all under one roof.

The festival will feature a line-up of special wedding-season offers, including exclusive room packages, banquet discounts, catering privileges, and decor solutions such as complimentary candle light dinner for Premier Club members, complimentary venue and pre/post wedding photo-shoot, complimentary honeymoon relaxation at Presidential Suit, and many more curated experiences, especially for the upcoming wedding months.

Visitors will be treated with cultural performances, live entertainment, and a fashion show that will showcase the latest trends in bridal couture and groom's attire. Renowned film actress Bubly will be present at the inauguration ceremony.

A variety of prominent wedding and lifestyle brands will be participating in the festival, displaying their signature products and services — from jewelry, photography, and event decor to beauty, fashion, and home essentials. Furthermore, guests will discover exclusive deals during the event.
