

## Emirates and flydubai celebrate 7 years of partnership

- A Monitor Desk Report

Date: 14 November, 2024

Dubai: Seven years ago, Emirates and flydubai jointly embarked on a partnership that would give travellers extraordinary access to an unrivalled network, unlocking connections and opportunities, and shaping the future of travel from, to and through Dubai.

By joining forces, Emirates and flydubai offer customers access to a combined network of more than 225 unique destinations in more than 100 countries. Emirates customers can explore more than 118 flydubai destinations, while flydubai passengers can access more than 136 Emirates destinations. On average, customers can choose from 275 codeshare flights each day which means more flexibility when choosing departure times. Together, both airlines operated more than 1.5 million flights since 2017, carrying more than 19 million passengers across the joint network.

Customers continue to enjoy benefits including a smooth check-in

process, efficient baggage transfers, optimised flight schedules and enhanced connectivity at Dubai Airports with access to Terminal 3.

More than 300 weekly flights operated by flydubai depart Terminal 3 to popular destinations. Passengers also benefit from access to world-class airport lounges, including Emirates' signature lounges in Terminal 3. Over the past 7 years, more than 250,000 flydubai passengers have enjoyed access to Emirates' lounges.

Emirates Skywards, the loyalty programme of Emirates and flydubai, continues to offer members one loyalty currency and fantastic rewards.

Looking ahead, the two airlines remain committed to expanding the reach of their partnership and elevating the travel experience to and through Dubai.
