

## Emirates expands its A350 network with 7 new cities

- A Monitor Desk Report

Date: 20 March, 2025

Dubai: Emirates has revealed the next seven cities to be served by its A350, as more newly delivered aircraft featuring the airline's latest cabin innovations enter scheduled service. Airline's summer schedule will include A350 services to Tunis, Amman, Istanbul, Dammam, Ho Chi Minh City, Baghdad and Oslo.

Emirates will announce more A350 destinations, including long-haul routes, in the coming months as new aircraft join its fleet. In addition to the newly added cities, Emirates will layer on more A350 services to Bahrain and Kuwait.

The Emirates A350 features three spacious cabin classes, accommodating 312 passengers in 32 next-generation Business Class lie-flat seats in a 1-2-1 configuration and a mini-bar for quick snacks, 21 Premium Economy seats and 259 generously pitched Economy Class seats. The latest onboard products reflect the airline's commitment to

delivering a premium passenger experience along with elevated comfort across every cabin class.

In addition to Emirates' signature next-generation products and service, customers can also look forward to cutting-edge tech touches like wireless charging in Business Class, electric window blinds, new touchscreen call bell buttons on ice inflight entertainment screens, digital inflight menus on ice screens, 60-watt USB C charging in every seat. The airline's ice inflight entertainment system offers cinematic displays and 7with 4K and 4K HDR set on ultra-responsive touchscreens.
