

Emirates offers double Tier Miles to frequent flyers

- A Monitor Desk Report

Date: 12 April, 2021

Dubai: Emirates Skywards, the loyalty programme of Emirates and flydubai, has rolled out an exclusive offer to help members fast-track to higher tier status. Members can automatically earn double Tier Miles on all Emirates and flydubai flights booked from 1 April until 30 June, for travel between 1 April and 31 December 2021. Members can now move up tiers faster and unlock an extensive range of benefits and rewards.

In addition to earning double Tier Miles, members will still be able to earn Skywards Miles on flights flown during the offer period. Skywards Miles can be redeemed for an extensive range of rewards, including flight upgrades, hotel stays and money-can't-buy experiences.

The offer applies to any ticket, regardless of fare type, purchased on Emirates or flydubai during the offer period - helping members quickly earn sufficient Tier Miles to bump up against one tier status higher.

Emirates Skywards offers four tiers of membership – Blue, Silver, Gold and Platinum. Each Tier offers members unique privileges and advantages, including lounge access, priority boarding, dedicated check-in counters, complimentary seat selection, and much more.

The loyalty programme now offers members a generous extension on tier status until 2022. The loyalty programme has also extended the validity of any Skywards Miles due to expire from April 2020 until 30 June 2021.

Emirates Skywards has more than 27 million members worldwide including over 80,000 in Bangladesh.
