

Emirates announces resumption of flights to Orlando from June 2

- A Monitor Desk Report

Date: 04 April, 2021

Dubai: Emirates will resume four-weekly services to Orlando from 2nd June 2021, further expanding its US network, and offering customers worldwide more travel choices and enhanced connectivity via Dubai.

With the addition of Orlando, Emirates will be serving over 60 weekly services to and from 11 US destinations including Boston, New York (JFK), Los Angeles, Chicago, Washington D.C, Seattle, Dallas, Houston, San Francisco, and Newark (in June). Emirates customers also have seamless access to other US cities via the airline's codeshare agreements with Jetblue and Alaskan Airlines.

Flights to/from Orlando will operate four times weekly on Emirates' two-class Boeing 777-200LR, offering 38 lie-flat seats in Business and 264 ergonomically designed seats in Economy class.

To bring back people's confidence in air travel during the COVID-19 pandemic Emirates is the first airline to offer multi-risk travel insurance and COVID-19 cover. This cover is offered by Emirates on all tickets purchased on or from 1 December 2020, at no cost to customers.

Emirates now operates 17 weekly flights to and from Dhaka, and passengers can travel to over 90 global destinations with convenient connections via Dubai.
