

Emirates resumes flights to Clark, now covers 68 destinations globally

- A Monitor Desk Report

Date: 05 August, 2020

Dhaka: Emirates has resumed passenger services to Clark in the Philippines with six weekly flights from August 1, boosting its global network to 68 destinations in August. With the resumption of flights to Clark, [Emirates](#) will now operate with scheduled services to two gateways in the Philippines, with services to Manila being in operation since June 11. Furthermore, the network of destinations that it now serves in South East and East Asia has reached 13, across 10 countries and territories. All flights to Clark will be operated with a Boeing 777-300ER.

Customers from across Emirates' network can now travel to Dubai as the city has re-opened for business and leisure visitors with new air travel protocols that safeguard the health and safety of visitors and communities.

Customers can now travel with confidence, as Emirates has committed to cover all [COVID-19](#) related medical expenses, free of cost, should they be diagnosed with COVID-19 during their travel.

Emirates has implemented a comprehensive set of measures at every step of the customer journey to ensure the safety of its customers and employees on the ground and in the air, including the distribution of complimentary hygiene kits containing masks, gloves, hand sanitizers and antibacterial wipes to all customers.

As travel restrictions remain in place, hence travelers will only be accepted on flights if they comply with the eligibility and entry criteria requirements of their destination countries. Visit: www.emirates.com/travelrestrictions
