Dubai: As part of its annual Ramadan service, Emirates offers a specially curated meal served in ready-to-eat boxes to customers fasting during the holy month. Emirates' signature Ramadan service is expected to begin on 13 April.

This year, the airline's in-house designers and product design team collaborated with local artists to produce bespoke designs for a special edition of its signature Ramadan service.

The artists, based in Dubai, have disabilities and are known as people of determination in the UAE in recognition of their achievements in different fields.

Customers breaking their fast on board or about to start fasting will be offered the special edition boxes with a nutritional meal. The iftar boxes are served in addition to the usual Emirates meal services on board and the menu will be refreshed weekly.

These special meals are available to passengers across all cabin classes on select Emirates flights that coincide with iftar or suhoor times. This includes flights to and from the Gulf region as well as flights catering to Umrah groups travelling to Jeddah and Medina during the month of Ramadan. During the holy month, cold meals will be served in lieu of a hot one on all flights to Jeddah and Medina, including Umrah day flights.

Customers waiting to board will also be provided with water and dates at the gate during iftar and suhoor times.

Emirates offers customers flexible booking options and multi-risk travel insurance including COVID-19 cover with every flight.

Emirates now operates 17 flights a week from Dhaka and via Dubai offers convenient connections for travel to over 90 destinations worldwide.
