

Emirates to serve Baghdad exclusively with Airbus A 350

- A Monitor Desk Report

Date: 27 November, 2025

Emirates will deploy its Airbus A350 across all seven weekly flights to Baghdad starting 1 January 2026. The introduction of the A350 across the full weekly schedule to/from Baghdad is part of Emirates' commitment to delivering on its **'Fly Better' promise**

Configured in three classes, the Emirates A350 offers 32 Business Class lie-flat seats, 21 Premium Economy seats in a 2-3-2, and 259 spacious Economy Class seats. Passengers can enjoy an elevated cinematic experience with the airline's award-winning inflight entertainment system - *ice*, wider aisles, quieter cabins, and advanced lighting designed to reduce jet lag.

The Airbus A350 was first deployed to Baghdad in August this year.
