

First ever job, career fair in BD travel, hospitality trade

- A Monitor Desk Report

Date: 05 March, 2023

Dhaka: Country's premier travel trade publication The Bangladesh Monitor is going to organise the first ever [job and career fair](#) in Bangladesh travel and hospitality trade at Pan Pacific Sonargaon Dhaka in the capital on March 19-20.

"Those seeking to pursue a career in the aviation, hospitality and travel industry will find excellent career opportunities at the fair," said Kazi Wahidul Alam, Editor, The Bangladesh Monitor.

For this purpose, the emerging ICT solution provider company of the country TechnoNext Ltd signed an agreement with The Bangladesh Monitor on sponsorship of the fair.

Kazi Wahidul Alam, Editor of The Bangladesh Monitor and Zahid Hossain Chowdhury, Chief Technology Officer, TechnoNext Ltd, inked the deal on behalf of their respective organisations at a MoU signing ceremony held the

former's head office in the capital on March 5, 2023.

Zahid Hossain Chowdhury, Chief Technology Officer, TechnoNext Ltd, said, "We are pleased to be a part of this first ever [job and career fair](#) in the country's travel trade industry. It will be an excellent platform for those seeking a career in the aviation, hospitality and travel industry."

The country requires plenty of skilled manpower to cater to the growing travel trade industry and allow it to tap its full potential. Hence, the upcoming [job and career fair](#) that will attract talent to the industry and make travel trade career look promising to the country's educated youth is surely a timely initiative.

TechnoNext Ltd, a concern of US-Bangla Group, deals in software technology products and services. They have now emerged as one of the leading travel trade technology service providers in the country too.

TechnoNext is currently providing products and services related to OTA development, payment gateway, reservation system, health tourism, courier management services, aviation resource management, e-commerce, among others.

It may be mentioned here that the company was one of the first in the country to develop self-check in kiosk for US-Bangla Airlines, which is currently running at the domestic terminal of Dhaka Airport.
