

## **flydubai announces 3 new routes**

- A Monitor Desk Report

Date: 06 March, 2025

Dubai: flydubai, the Dubai-based carrier, has announced the launch of three new destinations in Iran, further expanding its network.

Flights to Bushehr and Tabriz will begin on March 13, while services to Qeshm will start on March 14.

This expansion follows flydubai's recent announcement of Al Alamein in Egypt and Antalya in Türkiye as seasonal summer destinations from June to September, providing travelers with more options for their holiday plans.

Jeyhun Efendi, Divisional Senior Vice President, Commercial Operations and E-commerce at flydubai, said: "as part of our longstanding commitment to connecting more underserved markets to Dubai's aviation hub, we are pleased to offer our customers more options for travel by adding these three new destinations.

Passengers travelling with us in Business Class and Economy Class can enjoy an elevated travel experience, whether they are travelling to Dubai or connecting further afield on our network.”

Today flydubai has built a diverse network of more than 130 destinations, 97 of which were underserved markets and did not previously have direct air links to Dubai.

Flights are available to book on flydubai.com, the official flydubai App, the UAE Contact Centre at (+971) 600 54 44 45, the flydubai travel shops or through our travel partners.
