Date: 26 October, 2023

Dhaka: Air France-KLM and Sabre Corporation announce signing a new strategic multi-year NDC distribution deal and the renewal of their existing EDIFACT agreement.

The agreement helps agencies to efficiently shop and compare increasingly sophisticated offers, while their travellers benefit from an enhanced experience with more choice and transparency.

It also enables Air France and KLM to distribute their customised NDC offers, thanks to continuous pricing and tailor-made bundles, to the global network of Sabre-connected agencies.

Air France-KLM offers its customers access to a worldwide network, covering over 300 destinations thanks to Air France, KLM Royal Dutch Airlines and Transavia, mainly from its hubs at Paris-Charles de Gaulle and Amsterdam-Schiphol.
