

Hotel Sarina unveils new Italian menu at Risotto

- A Monitor Desk Report

Date: 20 August, 2025

Dhaka: Risotto, Dhaka's popular Italian dining destination, has officially re-launched with a brand-new ambiance and an exciting new menu, bringing guests a refreshed experience of authentic Italian cuisine, says a press release.

The re-launch event, held recently at Risotto, was a resounding success, attended by renowned food bloggers, social media influencers, and media personalities.

Guests were treated to an exclusive first look at the restaurant's elegant new interiors and a curated selection of dishes from the updated menu.

'At Risotto, our passion has always been to bring real, authentic Italian flavours to Dhaka city,' said Syed Mehran Hussain, director of marketing of the hotel.

'With our new ambiance and thoughtfully crafted menu, we are excited

to create a warm, inviting space where our guests can experience the true essence of Italy,' he added.

The executive chef has 40 years of culinary experience under his belt, and he spent eight years in Italy, where he mastered Italian cuisines, and every dish is crafted with passion, authenticity, and a touch of his signature creativity.

The newly launched menu features an array of traditional Italian favourites, including fresh pasta-e-primi piatti, zuppe-soups, carne-meat, dolci and, of course, Risotto's signature risotto dishes — all prepared using premium ingredients and time-honoured recipes.

Every dish is designed to capture the richness of Italian culinary heritage while appealing to the modern palate.

Beyond the food, the new ambiance blends contemporary design with a cosy Italian charm, making it the perfect setting for casual gatherings, family dinners, or special celebrations.

Risotto continues its mission to be more than just a restaurant — it's a destination for authentic Italian dining, hospitality and memorable experiences in the heart of Dhaka.
