

Qatar airways cargo expands in India

- A Monitor Desk Report

Date: 17 March, 2025

Mumbai: The freight division of Qatar Airways is planning to expand operations in India which currently contributes nearly a tenth of its global revenue, said a top executive.

Revenues are expected to grow further by 9-12pc in the coming fiscal year driven by rising demand for perishables, pharmaceuticals, and high-value goods, Mark Drusch, chief officer cargo at Qatar Airways, told. He did not elaborate.
