

SpiceJet to operate flights from Kolkata to Chattogram effective Nov 5

- A Monitor Desk Report

Date: 27 October, 2020

Chattogram: Indian budget carrier SpiceJet will operate daily flights from Kolkata to Chattogram from November 5, announced the airline in a statement.

The airline's flight SG 73 from Kolkata will depart at 10:05 and arrive in Chattogram at 11:45 on Tuesdays, Thursdays, Saturdays and Sundays.

On the other hand, the return flight SG 74 will depart Chattogram at 12:30 and reach Kolkata at 13:10 on the same days.

The move comes as Bangladesh and India recently signed an air bubble agreement between the two countries after almost eight month long suspension of flight operations following the coronavirus pandemic. As per the agreement, flight operations between the two neighbouring countries will commence from October 28.
