Yahia Amin, President, LifeSpring Foundation and Chairman, LifeSpring Limited, said, "Creative Kids offers play-based learning model that help children to improve their creativity, cognitive skill, communication skill and compassion towards others. We help each child learn at his/her own pace and are also pleased to have Talent Chef by KKF at our premises because this is just not another café - it is one with values and a noble cause serving healthy and quality food."

Talent Chef by KKF officially started its journey in 2022 to contribute towards sustainable livelihoods of the underprivileged youth and those who fell apart because of the adverse impacts of Covid-19.

The programme offers bakery and hot kitchen training for empowering the youth to become skilled bakers, cook, assistant cook and entrepreneurs.

Under the guidance of professional chefs, baker trainees do bakery as well as make hot kitchen healthy products, marketed through online and offline channels.
