Dhaka : Skill Planet, a leading education and career consultancy organization, has successfully concluded its 16th batch of visa processing training in Dhaka. The two-month-long program, aimed at equipping participants with comprehensive knowledge and practical skills related to international visa applications, drew participation from aspiring students and professionals across the country.

This milestone marks another achievement for Skill Planet, which has steadily built a reputation for excellence in visa consultancy and education support services. The program, held at their Dhaka office, featured in-depth modules on student visa applications, work permits, embassy interview preparation, document verification, and updates on visa regulations for key destinations including the USA, Canada, the UK, and Australia.

Speaking at the closing ceremony, the program coordinator MS Khan expressed pride in the dedication shown by the participants. "We're thrilled to see another batch of bright and ambitious individuals complete our training. Each participant is now equipped with the tools and confidence to navigate the visa process efficiently," he said.

Graduates of the program received certificates and personalized consultation sessions to support their future applications.
